New Developments

Parque Danhos Industrial Cuautitlán I (Building II) – Completed and Delivered

Fibra Danhos completed on schedule the second and final phase of Parque Industrial Cuautitlán I, delivered in June. This stage, with a Gross Leasable Area (GLA) of 104,290 m², marks the culmination of the first industrial park fully developed by the Fibra. Together with the first phase, the project reaches a total GLA of 207,482 m². Designed under the highest sustainability standards, the complex holds a LEED Gold Core & Shell certification and strengthens our presence in the CTT logistics corridor, one of the most dynamic regions with the highest demand for industrial infrastructure.

Project Summary

- Strategically located in the CTT corridor, focused on meeting the growing demand for logistics services.
- Fully Leased
- Class: A+
- High availability of labor and urban infrastructure services.

New Developments

Danhos Industrial Park Palomas (Building I) – Completed and Delivered

As part of our growth strategy in the industrial sector, we have completed, commercialized, and delivered Phase 1 of Danhos Industrial Park Palomas, which offers 52,461 m² of GLA. Its strategic location within the CTT logistics corridor ensures optimal connectivity with the area's main highways, making it an ideal asset to serve the growing demand for logistics services in the region. Designed under the highest sustainability standards, the property is currently in the process of obtaining LEED certification.

Project Summary

- Danhos Industrial Palomas offers a prime location with direct access to the Mexico–Querétaro Highway.
- GLA Building 1: 52,461 m².
- Class: A+
- Second industrial project developed by Fibra Danhos, comprising three buildings with a total GLA of 225,000 m².

Portfolio Under Development

Danhos Industrial Park Palomas (Building II) – Opening Date: Fourth Quarter 2026

The second building of Danhos Industrial Palomas represents a significant step in the consolidation of our logistics strategy within the CTT corridor. It is a 110,000 m² Build-To-Suit project for a national client, to be developed in three phases; the first phase, comprising 65,000 m², is under construction and scheduled for delivery in December 2026. This project further strengthens Fibra Danhos' position as a developer of world-class industrial assets.

Danhos Industrial EdoMex III – Opening Date: Fourth Quarter 2026

At Danhos Industrial EdoMéx III, our newest development, we have leased the first two buildings totaling approximately 210,000 m² and have already begun construction, marking significant progress within our industrial platform. The project, developed through a 50/50 joint venture with an unrelated third party, strengthens our presence in the logistics segment and is expected to deliver both buildings in the fourth quarter of 2026.

Parque Oaxaca

We continue to make progress on the development of a new shopping center in a strategic location in Oaxaca City, following the previously signed investment agreement. The project represents a significant opportunity, as there is currently no comparable retail offering in the area, and we have identified a high level of interest from potential tenants. The groundbreaking and start of construction are expected to take place in the fourth quarter of 2025.

Portfolio Under Development

The Ritz-Carlton, Cancún, Punta Nizuc

Fibra Danhos, together with Marriott International, FibraHotel, and Beyond Ventures, announced the signing of The Ritz-Carlton Cancún, Punta Nizuc brand for the project under development in the Yucatán Peninsula. The property, located in Punta Nizuc within Cancun's hotel zone, will feature a luxury hotel with 131 keys, owned through a trust between Fibra Danhos and FibraHotel, as well as 126 branded residences developed in partnership with Beyond Ventures. The hotel, expected to begin operations in 2027, will be LEED certified and operated by Marriott International. The project's design will be led by the renowned architecture firms Lissoni & Partners and Cherem Arquitectos.
